My dear Nathaniel;

it is so long ago since I had direct
news from you; last winter I had
no word, but somebody told me that you
were very successful in Holland, ^{and} there
London. -
Mr. Björnson gave me particulars
of your home and the mission
built not long ago. -

I was very busy the whole winter,
teaching, teaching until March, when
the Revolution broke out. - I am
now with Mrs. Stein in a villa,
also, in town belonging to our
friends who live in their country house.
Despite a garden surrounding the
house one is smothered in these lumber-
ing rooms; we are longing for

fresh air and rest; naturally I
have a dozen students to teach
(most of them Scandinavians) and to
look sometimes on my fiddle
as we have to play a few concerts
in September. - Aug. 15th I finish
my summer course and intending
to go somewhere to get fresh air -
only not in Nohsenkollen. -
Let me know of your plans, if

planning is possible in present
time. - We will stay in Norway
until Sept. 22 and after be in Stock-
holm, Gøteborg and perhaps Copenha-
gen ~~for~~ having several propositions
to play there. - If humanly possible
we will return to Russia in October.

Now, good by "my dear child; will
we ever meet again?"

Heartiest kisses for You and Mother
from us both.
